## GIULIANO Automotive UK

Already arguably the most widely used tyre changing equipment in the UK under various brand names, Giuliano now have their own UK operation supplying an even greater range of equipment and dedicated customer support.

Manufacturing in the heart of the Italian Motor Valley since 1976, Giuliano have established themselves as one of the World's leading names in premium quality garage equipment, boasting over 150 patents and product approvals & endorsements from the likes of Lamborghini, BMW and Mercedes-Benz, additionally acquiring the Balco brand in 2025.

### BALCO SL22 PRO

#### FULLY AUTOMATIC TYRE CHANGER

Not to be compared with 'budget' tyre changers of similar price point, the SL22 is a proven tyre changer capable of handling run-flat tyres and large diameter alloy rims in complete safety.

Italian engineering is evident throughout with the heavy-duty structure and powerful bead breaker delivering 3180kg pressure, outperforming machines of a much higher price tag.

The original 'HPS' assist-arm, still widely regarded as the original and the best, completes the specification level for a tyre machine with excellent price/capability ratio.

- 24" Clamping Capability (22" external)
- Includes HPS Assist Arm
- Heavy-Duty structure not typical of entry-level tyre changers
- Class-Leading 3180kg Bead Breaker
- 2 Year Warranty (1 year parts and labour, 2nd year parts only)

**£2,295.00**

CODE: SL22  
SYR LEASE £12.18PW

### BALCO SL10 WHEEL BALANCER

#### 2D AUTOMATIC DATA INPUT

Just like its namesake tyre changer, the Balco SL10 does not 'feel' like a low-cost tool.

A brand new design for 2026 has seen improved structure and plastics, even faster spin cycle, and a smooth and quiet operation that just oozes Italian engineering.

- 2D Automatic Input of Distance & Diameter
- Smooth, quiet motorised operation with automatic brake
- Pedal-operated spindle lock for convenient weight placement
- Capable of handling rims up to 30" diameter
- 2 Year Warranty (1 year parts and labour, 2nd year parts only)

**£1,650.00**

CODE: SL10  
SYR LEASE £8.76PW

## GIULIANO SX226 PRO

## PREMIUM LINE FULLY-AUTOMATIC TYRE CHANGER

The SX226 Pro sets itself apart from the masses with the latest generation HP4 assist arm which has been improved to account for even larger diameter rims during the depressing of the bead, and the famous Power X 4 cylinder turntable (see description).

- Classic Giuliano 'Premium Line' build quality
- 26" Clamping Capability (24" external)
- Power X™ 4-Cylinder Turntable
- Can be upgraded to Leverless Operation
- 3 Year Warranty (2 years parts & labour, 3rd year parts only. 5 Years on gearbox and turntable mechanisms)

£4,195.00

 CODE: SX226  
 SYR LEASE £22.27PW

## GIULIANO SX228 PRO

## PREMIUM LINE SUPER-AUTOMATIC TYRE CHANGER

Possibly one of the most widely used tyre changers of the last 20 years, this high-performance model boasts an even larger version of Power X (27"), and the revolutionary DualForce bead breaking system which allows the operator to choose between thumb or pedal operation, and have full control over the start / stop motion of the shovel as the bead is broken. The 'super-automatic' positioning of the demount head makes set-up fast and safe, and the super-duty structure, complete with 'tapered' turret, provides maximum strength and longevity.

- 'Super-Duty' Premium Line structure and build quality
- 27" Clamping Capability (25" external)
- Power X™ 4-Cylinder Turntable
- DualForce™ Hand / Pedal Bead Breaker with Start/ Stop control
- Can be upgraded to Leverless Operation
- 3 Year Warranty (2 years parts & labour, 3rd year parts only. 5 Years on gearbox, Par-Move and turntable mechanisms)

£4,895.00

 CODE: SX228  
 SYR LEASE £25.98PW

 POWER 

The Power X Turntable is a Giuliano Patent, using 4 clamping cylinders as opposed to the traditional 2. Having a cylinder dedicated to each clamping jaw ensures lifelong consistent clamping of the rim and more powerful 'grip', both of which ensure no chance of damage to alloy rims. The increased reliability of the 4-cylinder system is backed up by a 5-year warranty on all components, including the gearbox.

## GIULIANO P43 WHEEL BALANCER

## 3D AUTOMATIC DATA INPUT

Brand new for 2026, the P43 epitomises the new-look balancer line from Giuliano. All rim data is entered automatically via the Weight Placement Arm and new SmartWidth™ technology, and a laser directs the operator to the precise plane for weight placement, with an LED illumination inside of the rim making the working process even more convenient for the user. An electronic brake completes the smooth, quiet and fast operation which makes the P43 worthy of the 'Premium Line' status.

- 3D Fully-Automatic Data Input using SmartWidth™
- Laser guidance for precise location of stick-on weights
- LED illumination of the inside rim working area
- Cycle time as low as 4.7 seconds
- 3 Year Warranty (2 years parts & labour, 3rd year parts only)

£2,295.00

 CODE: P43  
 SYR LEASE £12.18PW

## GIULIANO P45 WHEEL BALANCER

## 3D AUTOMATIC DATA INPUT USING SONAR TECHNOLOGY

A true 'workhorse', the P45 is a Giuliano Automotive UK favourite! The new super-duty construction and ergonomics boast an injection-moulded weight tray for optimum durability, longevity and storage for wheel weights, and even greater access & visibility of the inside of the rim. This is enhanced by the LED illumination, whilst advanced features such as automatic positioning to the weight location and choice of 6 or 12 o'clock weight placement are just highlights of the extensive and advanced list of balancing functions.

- 3D Fully-Automatic Data Input using Sonar
- Choice of 6 or 12 o'clock weight placement
- Automatic positioning to weight location
- Laser guidance for precise location of stick-on weights
- LED illumination of the inside rim working area
- Cycle time as low as 4.7 seconds
- 3 Year Warranty (2 years parts & labour, 3rd year parts only)

£4,195.00

 CODE: P45  
 SYR LEASE £22.27PW

**Dama HDM2.5Y - Mobile Single Post Lift**

A superbly versatile, mobile single post lift with a 2.5 tonne lifting capacity. This lift is easily manoeuvred around the workshop with a built-on trolley style handle and large wheels, or alternatively bolted down. Electro-hydraulic operation and single phase, the lift has a low 115mm minimum height and comes complete with 50mm and 100mm extensions.

Technical Specification  
 Total height 2600mm  
 Total width 2122mm  
 Total length 2577mm  
 Lifting height 115mm - 1760mm  
 Extensions 50mm & 100mm  
 Power supply 220V/1ph/50Hz/2.2kW  
 Lowering time 53 seconds

**Easily be converted from mobile to fixed**

**HDM2.5Y**  
**£4995.00**

**Ravaglioli 6CCD Wheel Alignment System**

A hugely popular and highly accurate RAV 6 camera CCD four wheel alignment machine offering an excellent opportunity to increase your services and revenue stream.

This unit is rich in features and reliable in operation, offering flexible alignment and can be used on 2 post lifts (with optional drop arm) 4 post lifts and floor or pit.

The unit is PC controlled with 19" TFT screen, colour printer and easy to read graphics, plus a huge vehicle database that enables you to carry out rapid wheel alignment to the manufacturers specification.

The unit uses Bluetooth communication to the wireless heads which recharge on the storage trolley, thus ensuring there are no trailing cables. The 3 point quick clamps cover wheels up to 24" and have no metal to metal contact, ensuring no damage.

- 6 Camera CCD Technology
- 3 Point Quick Clamps up to 24"
- Use on 2 post, 4 post and scissor lifts
- Wireless Charging
- Low Spoiler Mode

- High Precision Alignment
- Large Vehicle Database
- Remote Control Heads
- Bluetooth Communication
- 12 Months Warranty

## VEHICLE LIFTS

### TSX 3200-2 Mid-Rise Lift

- Sleek ultra-low profile design, no in-ground installation required
- Double master/slave hydraulic circuits for added safety
- "Magic Eye" photocell assures perfect synchronisation
- Emergency manual lowering in the event of power loss

Price only...  
**£2,895**  
 5YR LEASE £15.37pw

Featuring extendable platforms for universal vehicle coverage, the 3,200 kg capacity mid-rise TSX3200-2 is ideal for fast tyre replacement and brake service work. The SureFast locking system, allows you to position the lift at any height, rather than the normal but limited pre-set heights. It also provides a speedier 'start/stop' movement of the lift.

### ecolift TP9 Lift

A flexible and practical option for workshops where space is limited. This is one of the most versatile two post lifting solutions available on the market. 70mm AND 100mm pad extensions included as standard.

Price only...

**£2,795**  
 5YR LEASE £14.84pw

INCLUDES  
 Delivery,  
 Installation,  
 Full Training  
 & 2 Year  
 Warranty!

4000KG  
 Lifting  
 Capacity!

3 stage arms  
 all round for  
 maximum vehicle  
 coverage!

### Both ecolift models benefit from...

- 3 stage arms all round for maximum vehicle coverage
- 70mm and 100mm pad extensions included as standard
- Electric locks
- Price includes Delivery, Installation, Full Training & 2 Year Warranty!

### VSX 3500 LP Full-Height Lift

Price only...

## THERMOBILE: The leaders in efficient Workshop Heating

### Manual Ignition Bio Oil Heaters with Flue Kit

- Fast return on investment
- Efficient, virtually soot-free combustion
- Burns used oil, diesel or a combination
- Built-in fuel tank, filters & fuel pump
- Flame failure protection
- Overflow protection for burner dish
- Overheat protection (except Bio B)
- Includes complete flue kit (roof seal, fitting kit & two wall bands)
- Bio Energy 2 & Bio Energy 3 Feature a burner draw system for easier lighting and cleaning plus a heat exchanger for higher efficiency

FLUE  
KIT  
INCLUDED

Model	Heat Capacity Min (Btu/hr)	Heat Capacity Max (Btu/hr)	Consumption (min)	Consumption (max)	Fuel Tank Capacity	Fan Capacity	Offer Price	5 year lease pw

These heaters also operate on these fuels:

- Bio Diesel Oil
- HVO
- Processed Fuel Oil (PFO)
- Rapeseed, linseed & some Vegetable oils

Manual ignition Bio Oil heaters must be connected to a suitable flue system (min height of 1m above roof apex & 6m above ground level). A full range of flue accessories is available.

#### Stainless Steel Flue Kit INCLUDED:

- Gives approx. 5.2m (17ft) ground clearance
- 4 x 1m flue pipes
- 1 x Terminal
- 2 x Adjustable wall fixing brackets
- 1 x High temperature silicone rubber roof seal & fixing kit for profiled or corrugated roof & cladding
- 1 Tee-Piece (flue to heater)
- Additional 1m flue pipe available

### No space for a bulk fuel tank? PROHEAT is your solution!

#### PROHEAT Oil Fired Cabinet with built-in Fuel Tank

- Use with 28 second fuel (paraffin/kerosene) or 35 second fuel (heating oil/diesel)
- Low-noise radial fan
- Proheat 30 & 60: 240V Proheat 100: 400V
- Equipped with thermostat
- Capacities of 30, 64 and 97kW net
- 4-Sided adjustable outlet opening guarantees equal air distribution
- Summer/winter circuit for heating/ventilation

LASER<sup>®</sup> TO TOOL CONNECTION

## EXHAUST GAS SENSOR SOCKET SET 5PC

- Set of 5 short series exhaust sensor sockets
- Removes/installs Oxygen, NOx, and temperature sensors
- Side slot fits over wiring harness
- Drive with spanner or 1/2" ratchet
- Ideal for tight/seized sensors
- Allows torque wrench use when refitting
- Supplied in EVA foam tray
- Fits roll cab drawers for tidy storage

PART NO.  
**8997**

OUR PRICE  
**£79.95**

## EGT SENSOR SOCKET SET 3/8"D 6PC

- EGT sensor socket set
- Designed for removing exhaust gas temperature sensors
- Suitable for cars, light commercial vehicles, and HGVs
- Ideal for professional automotive and workshop use
- Helps prevent sensor and thread damage during removal

PART NO.  
**7337**

OUR PRICE  
**£54.95**

## RATCHETING TUBE CUTTER 31 - 65MM

- Heavy-duty, one-handed ratchet pipe cutter for steel, copper, or plastic. Ideal for tight access areas thanks to its ratcheting action. Made from zinc alloy steel with a durable nylon and fibreglass body, plus a TPE (thermoplastic elastomer) adjustment knob for added control and comfort.

OUR PRICE  
**£149.95**  
PART NO.  
**9099**

## EXHAUST HANGER REMOVAL TOOL

- A tool specifically designed to remove the exhaust hanger with ease, by pushing the bracket pin through the rubber mount.

PART NO.  
**5158**

OUR PRICE  
**£32.95**

## EXHAUST SENSOR THREAD CHASER SET 6PC

- Set of 6 short series thread chasers
- Restores threads for EGT, NOx, O<sub>2</sub>, and particulate sensors
- Made from chrome molybdenum
- Titanium-Nitride coated for durability and rust resistance
- Supplied in EVA foam tray
- Fits roll cab drawers for organised storage

PART NO.  
**9002**

OUR PRICE  
**£159.95**

## MANIFOLD STUD & NUT KIT M8, M10 100PC

- Manifold studs commonly break due to corrosion and repeated heat cycles. This 100-piece kit includes M8 and M10 studs and nuts for inlet and exhaust manifolds. Studs are double-threaded and cuttable. Includes copper flashed steel and brass nuts. Compatible with Laser Stud Removal & Installer Kit, Part No. 7804.

PART NO.  
**37657**

## PIPE/EXHAUST CUTTER

- A robust chain pipe cutter with handle, for cutting pipe up to 2.5mm wall thickness.

PART NO.  
**7660**

OUR PRICE  
**£59.95**

## DIFFICULT ACCESS SENSOR WRENCH SET 5PC

- First introduced by Laser Tools in 22mm form as the 8100 DPF Fuel Vaporiser Spanner that was designed specifically to work with the Laser 4590 Hand Impact Wrench. The Laser 9230 Difficult Access Sensor Wrench set has been introduced to the Laser range as a result of customer requests for more sizes to work with 4590 for the removal of difficult to reach exhaust sensors.

PART NO.

### MAGNETIC MOULDABLE FUNNEL

Perfect for clean, controlled fluid draining in workshops, garages, or mobile work. Ideal for oil, coolant, and more.

#### Features:

- Flexible, remouldable design for precise control
- Integrated magnets for hands-free use on metal
- Cable tie slots for plastic/aluminium surfaces
- Avoids contact with components
- Reduces spillage and clean-up time
- Heat resistant up to 200°C
- Size: 370 x 168mm

**£49.80**  
Part No: 00040297

### HOOK & PICK SET 6PC 250MM LONG

Ideal for wiring, O-rings, springs, cotter pins, and access to tight engine spaces. Also suitable for scribing and marking.

#### Features:

- 250mm extended reach
- Heat-treated tool steel shafts (50-58 HRC)
- Lightweight aluminium handles
- Padded grips for comfort and control

**£46.40**  
Part No: 60476215

### MINI AIR NEEDLE SCALER

Compact and efficient, this Mini Air Needle Scaler is designed for precise surface preparation in tight areas. Equipped with 13 fine 1.5mm needles and an integrated air regulator, it delivers controlled performance for demanding cleaning tasks. Ideal for removing rust, corrosion, and stubborn debris from brake carriers, wheel bearing housings, ABS mounts, and other metal surfaces, it's a versatile addition to any workshop.

- 13 x 1.5mm needles for fine, detailed work.
- Integrated air regulator for consistent output.
- Compact size, 235mm long x 25mm diameter.
- Lightweight construction for ease of use in confined spaces.
- Replacement needle sets available (Part No. 90444110).

#### Specifications:

- Speed: 3000 blows/min
- Air inlet: 1/4"
- Air consumption: 1.0 l/min
- Working pressure: 6.2 bar
- Weight: 0.5kg

**£164.50**  
Part No: 90444100

### 360 DEGREE AIRLINE COUPLING

Ideal for use in tight spaces with air tools like Mini Needle Scalers, Drills, and Guns.

#### Features:

- Integrated pressure regulator for consistent airflow
- Double-jointed swivel design for 360° rotation
- Reduces hose strain and improves handling
- Max pressure: 16 bar
- Inlet: IG 1/4"
- Outlet: AG 1/4"
- Weight: 90g

**£48.00**  
Part No: 80305004

### FLEXI ANGLE AIR DRILL

Designed for precision drilling in tight, awkward spaces where standard drills can't reach—perfect for broken bolt removal and fine control tasks.

#### Features:

- 120° adjustable handle for improved manoeuvrability
- Infinitely variable trigger for speed precision
- 3-stage rotary speed control
- Compact 1-10mm drill chuck

#### Specifications:

- Speed levels: 1680 / 2400 / 3160 rpm
- Power: 0.45 PS
- Noise: 83 dB(A)
- Air consumption: 90.6 l/min
- Length: 210 mm
- Pressure: 6.2 bar
- Inlet: 3/8"
- Weight: 1.03 kg

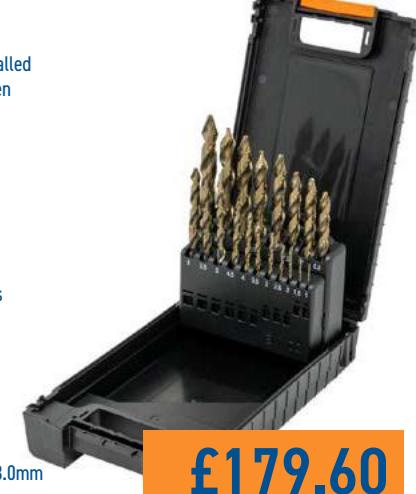

**£188.80**  
Part No: 82004025

### STEP DRILL BIT SET

Ideal for clean, round holes in thin-walled or curved materials, perfect for broken studs, pipes, and awkward surfaces.

#### Features:

- Self-centring step tip, no centre punching needed
- Prevents wandering on curved or damaged surfaces
- Clean starts, even on tough angles

**£179.60**  
Part No: 20304000

### 3/8" DIGITAL FLEXI TORQUE WRENCH

A high-accuracy tool for controlled bolting, ideal for modern combustion engines and critical fastening tasks. It ensures precise torque and angle measurements, improving repeatability, traceability, and compliance with engineering standards.

#### Key Features:

- Multi-unit torque and angle measurement: Nm, ft-lb, in-lb, kg-cm, °
- Stores 9 programmable setpoints
- Records 50 torque/angle triggers for quality control
- $\pm 2\%$  display deviation for high precision

#### Specifications:

- Drive: 3/8"
- Torque: 6.8–135 Nm / 5–99.5 ft-lb / 60–1195 in-lb / 69–1378 kg-cm
- Angle range: 1°–360°
- Tolerance: 0.1 Nm / ft-lb, 1 in-lb / kg-cm
- Length: 425mm

**£389.90**  
Part No: 41501135

### 1/2" DIGITAL FLEXI TORQUE WRENCH

Designed for high-accuracy torque and angle measurement, ideal for torque-angle controlled bolting, common in modern combustion engines.

#### Key Features:

- Measures torque and rotation angle
- Units: Nm, ft-lb, in-lb, kg-cm, °
- 9 programmable setpoints
- Stores 50 torque/angle triggers

#### Specifications:

- Drive: 1/2" square
- Torque: 17–340 Nm / 12.5–250 ft-lb / 150–3009 in-lb / 173–3469 kg-cm
- Angle range: 1°–360°
- Accuracy:  $\pm 2\%$  torque /  $\pm 1\%$  angle
- Resolution: 0.1 Nm / ft-lb, 1 in-lb / kg-cm
- Length: 655 mm

**£489.40**  
Part No: 41501340

### SOLDERING AID

Slim, easy-to-use tool for joining wires and feeding solder in one operation—ideal for confined or hard-to-reach areas.

#### Key Features

- Integrated solder feed system
- Spring-loaded holder secures wire strands
- Rotary wheel ensures steady solder delivery
- Slim profile for tight spaces
- Enables quick, consistent soldering
- Durable aluminium construction

**£46.50**  
Part No: 60978705

### UNIVERSAL ENGINE & GEARBOX SUPPORT

Under-car beam secures engine/gearbox with hook-strap; front scissor jack sets height, rear legs adjust in height/width. If the subframe is to be removed, this under engine support can be suspended using support beam 61135905 (sold separately).

- Universal design fits most vehicle types.
- One-person operation for ease of use.
- Controlled height adjustment via front scissor jack.
- Compatible with vehicle lifts – maintains access while in use.

#### Specifications:

- Max. carrying capacity: 250 kg
- Length: 1050 mm
- Height: 100 mm
- Max. lifting height (scissor jack): 260 mm
- Weight: 10 kg

**£427.50**  
Part No: 61136500

# PICHLER TOOLS

**PICHLER**  
tools since 1978.

## NOX & PARTICULATE SENSOR THREAD REPAIR KIT

The Nox & Particulate Sensor Removal & Thread Repair Kit is designed to assist technicians in safely removing seized sensors and repairing damaged exhaust threads.

### Sensor Removal

This kit includes specially designed M22mm and M24mm sockets with a cutout feature that allows the sensor cable to pass through, eliminating the need to cut the cable when reusing the sensor. These sockets can also be used to securely tighten the sensor upon refitting.

### Thread Repair

In many cases, sensor removal results in stripped threads within the exhaust, preventing the installation of a new

sensor. Replacing an exhaust system can be costly and, depending on stock availability, could result in extended vehicle downtime.

The M20mm and M22mm thread repair tools in this kit enable technicians to restore damaged threads with ease.

### The process involves:

Guided Cutting: A precision guide is inserted into the exhaust to ensure accurate thread removal while preventing swarf from entering the system.

Oversized Threading: A specialised cutter removes the damaged thread to a controlled depth.

**Thread Insert Installation:** A new thread insert is securely fitted, restoring the original thread size for sensor installation.

### Kit Contents & Availability:

The kit is supplied with three thread inserts of each size (M20 & M22mm), with additional inserts available separately.

This professional-grade solution ensures efficient sensor removal and repair, preventing costly exhaust replacement and reducing vehicle downtime.

**£729.00**  
Part No: 60525200

## WORKSHOP 300 COMPACT, LIQUID-COOLED INDUCTION HEATING UNIT

The WORKSHOP 300 is a compact, liquid-cooled induction heating unit engineered for continuous use in demanding automotive and industrial workshop environments. Built into a stable, wheeled chassis, it eliminates the need for a separate trolley and offers high mobility and ease of use across the workshop.

Output power of 3.9 kW delivered through a 230V supply and standard 3-pin plug for convenient, plug-and-play operation. Liquid-cooled design includes 6 litres of coolant circulated through a radiator and fan system to manage thermal loads on the heating head, supplemented by dual cooling fans for the internal circuitry.

3 Metre heating hose offers extended reach without repositioning the main unit – ideal for work on larger vehicles or when access is restricted. Replaceable heating magnet tips significantly reduce long-term running costs by avoiding full head replacements in case of wear or damage. (1x Spare magnet tip included). Also included, Stainless Steel Probe Arm for heating head and cable storage. Unit supplied ready to use.

### Optional Accessories (available separately):

- Large straight heating head – Art. No. 95353025
- Small 22 mm straight heating head (ideal for locking wheel nuts) – Art. No. 95353020

### Specifications:

- Output Power: 3.9 kW
- Power Supply: 230 V
- Mains Frequency: 50 / 60 Hz
- Max. Current Consumption: 16 A
- Cooling System: Liquid-cooled
- Heating Hose Length: 3.0 m
- Unit Weight: 39 kg
- Article No.: 9535300

**£3395.00**  
Part No: 9535300PAC

PRICE INCLUDES DELIVERY  
5YR LEASE £18.02 PW

## HIGH TORQUE 1/2" RATCHET

Designed for high-torque applications in engine, gearbox, and drivetrain work, this robust ratchet is ideal for tasks like crankshaft bolts and commercial vehicle servicing. Its extendable handle and flex-head offer powerful, controlled access in confined or awkward spaces.

### Key Features

- 1/2" drive, 72-tooth flex-head with 5° swivel
- Delivers up to 1000 Nm torque
- Handle extends from 610–1120 mm
- Plug-in extension system, no extra pipes needed
- Includes 3/4" adapter
- Supplied in durable foam insert

**£270.70**  
Part No: 79945050

### HYDRAULIC FOOT PUMP

This compact, high-performance 700 bar foot pump is designed to power the full range of Pichler hydraulic tools, from 18 to 70 ton cylinders, ball joint splitters, to the hydraulic spring compressor. It's a cost-effective solution for multi-system workshop use.

#### Key Features:

- Compatible with 18-70 ton hydraulic cylinders
- Powers 4.5 & 8.8 ton splitters and spring compressors
- Integrated quick-release coupling for tool-free changeovers
- Waist-height pressure release valve for safety
- Foot pedal operation for hands-free control
- Supplied with hydraulic hose and female quick coupling

**£675.70**  
Part No: 80255560

### 18 TON HYDRAULIC CYLINDER

This compact, handheld 18 ton hydraulic cylinder is designed for high-load pressing and extraction tasks directly on the vehicle. Ideal for bearing replacement, bush renewal, and seized drive shaft removal, it reduces the need for dismantling and speeds up workshop jobs.

#### Key Features:

- Compatible with manual (80255560) or pneumatic (80255570) pumps
- Withstands hammer shocks for freeing seized components
- 50 mm stroke with automatic return
- Weighs only 2.8 kg for easy handling
- 12 & 14mm spindles available separately

**£885.40**  
Part No: 90251255

### 4 & 5 STUD DRIVE SHAFT REMOVAL

Used with 18 or 22 tonne hydraulic cylinders, these hubs remove seized or corroded drive shafts without heat or hammering, protecting threads and splines. A punching nut can be used with a cylinder for added impact if needed.

#### Key Features

- Prevents damage to threads and splines
- Optional impact via punching nut
- Fits 18T (90251255) & 22T (90251260) cylinders

**£571.30**  
Part No: 9147850

### HYDRAULIC BALL JOINT SPLITTER

Designed for quick, damage-free removal of tapered ball joints, this splitter features adjustable jaws and reversible layout for versatile use. Ideal for tight access jobs, it can also press joints back into place when the taper spins freely.

#### Key Features

- Two jaw sizes and pressing heights for flexible fit
- Reversible jaw setup allows top or bottom operation
- Sleeve insert for smaller joints or track rod ends
- Safety strap included to secure tool during use
- Compatible with hydraulic foot pump (80255560) or pneumatic pump (80255570), sold separately

**£810.70**  
Part No: 10646300

**Draper Expert 3-In-1 Multi-Process  
Welder Dti, 200A**

**Versatile 3-in-1 MIG/MMA/TIG gas/gasless welder with IGBT inverter, compact, efficient, lightweight, and portable with carry handle.**

- Advanced IGBT inverter technology for efficient welding
- 3-in-1 MIG/MMA/TIG functionality
- Supplied with MIG torch, TIG torch, and electrode holder
- Synergic wire feed for precise control
- Easy-to-read digital display for accurate settings and operation

**£299.95**

Stock Code. 70043

**Jet Force Infrared Diesel and Kerosene Space Heater, 60,000 BTU/17kW**

**Efficient infrared heater with thermostatic control, clean burning, 60,000 BTU/hr output, 12L tank for 9hrs runtime, uses diesel or kerosene.**

- Ideal for well-ventilated spaces
- Photocell safety device and overheat protection for safe operation
- Compatible with kerosene and diesel fuels
- Requires Grade 2 or higher kerosene for optimal performance

**£389.95**

Stock Code. 17111

**230V Diesel and Kerosene Space Heater,  
68,250 BTU/20kW**

**Efficient diesel/kerosene heater with 19L tank, 10-hour runtime, steel frame, wheels, LED indicator, for open/semi-open spaces.**

- High-efficiency compressor pump for fast, even heating
- 19L tank offers excellent fuel economy
- Durable steel construction with gloss black powder-coated finish
- Easy to use with on/off switch and LED indicator
- Mounted on wheeled steel frame for manoeuvrability
- Suitable for open/semi-open workshops and jobsites
- Requires Grade 2 or higher kerosene

**£269.95**

# NEW SIP MACHINERY INNOVATIONS

Amongst our latest set of new products comes the QT Air 150L and 200L air compressors, which are engineered to deliver exceptionally high air volume while keeping sound levels remarkably low. They are perfect for busy automotive workshops and bodyshops.

To view the full SIP range, please visit [www.sip-group.com](http://www.sip-group.com)

## SIP ULTRA LOW NOISE OIL-FREE COMPRESSORS

AVAILABLE IN: **150LTR** **200LTR**

VIEW OUR FULL  
QT AIR COMPRESSOR  
RANGE!

Designed for high air volume applications, these larger QT models are built to support demanding applications in large workshops and automotive settings.

These powerful and innovative air compressors feature slow-running 4-pole motor pump units which offer up to 50% longer working life.

- Ideal for paint spraying, pneumatic car lifts, tyre changers and plasma cutters. Perfect for sanding and grinding applications
- Delivers high 22.8CFM piston displacement resulting in 18.2CFM Free Air Delivery from a single-phase supply
- Operates at an ultra low 67dB, it's perfect for work areas where noise level is a consideration

## AST5150

£359.95

**Engine Setting/Locking Kit - FORD Petrol 1.0 SCTi EcoBoost & 1.1 (Belt)**

**Models:** Ford: B-MAX, C-MAX ('11), C-MAX ('15), EcoSport, Fiesta ('13), Fiesta Active ('18), Focus ('11), Focus ('15), Focus ('19), Grand C-MAX ('11), Grand C-MAX ('15), Grand Tourneo Connect ('14), Mondeo ('15), Tourneo Connect ('14), Tourneo Courier ('14), Transit Connect ('14), Transit Courier ('14)

**OE Refs:** 21-260, 303-1054, 303-1602, 303-1604, 303-1605, 303-1606, 303-732

## AST6160

£299.98

**5:1 Torque Multiplier Set - FORD 1.0 EcoBoost & 1.1 Petrol Engines**

Enables correct removal and installation of the crankshaft pulley bolt on the Ford 1.0 Ecoboost engine. The crankshaft pulley bolt is tightened in stages to a very high torque loading.

- 5:1 Torque ratio, matches OE specification
- Ensures bolt is tightened correctly, no need to convert any torque figures or angular inputs

**OE Refs:** 303-1611, 303-1611-01, 303-1611-02

**VISIT [WWW.ASTTOOLS.CO.UK](http://WWW.ASTTOOLS.CO.UK) FOR FULL DETAILS**

## AST5200

£151.98

**Belt-In-Oil Engine Setting/Locking Kit - FORD Diesel 2.0 TDCi EcoBlue (Panther)**

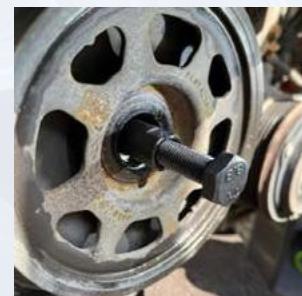

For belt-in-oil removal and installation on 2.0TDCi EcoBlue 'Panther' Diesel engines installed in Ford cars and LCVs.

**Models:** Edge, Focus ('19), Galaxy ('15), Mondeo ('15), Ranger ('12), S-MAX ('15), Tourneo Custom ('12), Transit ('14), Transit Custom ('12)

**OE Refs:** 303-1637, 303-1643, 303-1650

## AST6245

£38.45

**Vibration Damper/Crankshaft Pulley Removal Tool for FORD Ranger**

Suitable for Ford Ranger and Transit MHEV (Mild Hybrid) models fitted with the 2.0 EcoBlue Panther Engine. Ensures simple and safe removal of the vibration damper/crankshaft pulley and saves time during disassembly.

**Models:** Ranger, Transit (MHEV)

**OE Ref:** 303-1657

## AST6185

£41.98

**Vibration Damper/Crankshaft Pulley Remover - Ford 2.0 EcoBlue**

For efficient removal of the vibration damper/pulley installed on the Ford 2.0 EcoBlue (Panther) Diesel engine. The pulley requires removal to gain access to the timing belt cover.

**Models:** Edge, Focus, Focus Active, Galaxy, Mondeo, S-Max, Tourneo Custom, Transit, Transit Custom

**OE Refs:** 204-158-01, 205-295

## AST5355

£299.98

**Petrol 1.0 & 1.2 EBO/EB2 Belt-in-Oil Engine Setting / Locking Master Kit - PSA - Opel/Vauxhall - Toyota**

Contains the tools required for toothed belt replacement on 1.0 / 1.2 Belt-in-oil ('Wet Belt') Puretech petrol engines installed in Citroën, Peugeot, DS, Opel/Vauxhall and Toyota model ranges from 2012 onwards.

**OE Refs:** 0109-1B, 0109-2A, 0109-2B, 0109-2C, 0109-2CD, 0109-2D, 0109-2E, 0109-3(A), 0109-6, 0197-N, 16 431 900 80, EN-52112-2, EN-52127, EN-52127-2, EN-52133(A), EN-52588, EN-52809

**OR CALL YOUR LOCAL BRANCH TO ORDER TODAY**

## AST6260

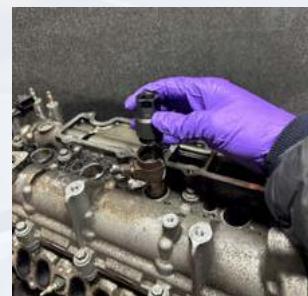

£175.98

**Diesel Injector Removal Kit - Vibro Pneumatic - Bosch - Delphi - Denso - Siemens Common Rail Injectors**

- Easy removal of seized injectors.
- Uses air vibratory hammer action.
- Includes extension rods for deeper located injectors.
- Features a range of universal adaptors.
- Working pressure required: 72psi - 116 psi (5-8bar)

## AST6260-26

£8.45

**Diesel Injector Removal Adaptor - Continental - Siemens - Used with AST6260**

**Typical applications** - Continental-Siemens injectors fitted to: VW Group 1.6 / 2.0TDi CR - OEM Injector ref: 03L130277B CAYA (06-15), CAYB (05-19), CAYC (05-19), CAYD (VW Caddy 10-15) CAYE (VW Caddy 10-2 Ford / Citroën / Mazda / Peugeot / Toyota / Mercedes-Benz 1.4TDCi DV4 - OEM Injector ref: 9663429280 Citroën (02-17), Ford (01-12), Mazda (07-15), Peugeot (05-14), Toyota (05-14) Renault / Nissan / Dacia 1.5dCi - OEM Injector ref: H8200294788 Engine K9K (Used from 2001-)

**£1,350.00**  
5YR LEASE £7.17PW

INCLUDES TOPOLOGY

**PPS100 100A BATTERY SUPPORT UNIT & CHARGER FOR UNDER £500**

- Intelligent Chip & Protection: Six safety features including reverse polarity, voltage fluctuations, over-current, short-circuit, and overheating protection.
- Pulse Repair Technology: Restores batteries affected by sulfation or long inactivity.
- Eight-Stage Charging: Ensures safe, gradual battery repair without damage.
- Adjustable Voltage Supply: Stable output ranging from 12V to 14.9V.

- Alternator Test: Monitors voltage changes to assess alternator and DC charger functionality.
- Premium Build: Pure copper tin-plated core cables, reinforced alligator clips with insulated handles, and an anti-oxidation metal housing.
- Efficient Cooling: Dual-fan large lattice air intake for lower operating temperature.
- High-Quality Components: Pure copper motor core and high-frequency pure copper transformer.

**THINKDPF**

## DPF CLEANING FLUID

Introducing THINKDPF, the latest German engineered cleaning solution from Thinkcar UK, specifically designed for diesel particulate filters (DPFs) in professional workshops, fleet service centres, and mobile repair operations.

This high-performance cleaning fluid penetrates and dissolves soot and stubborn carbon build-up, restoring optimal flow and reducing backpressure, without the need to remove the DPF from the vehicle.

- Made in Germany – Manufactured to strict European quality standards
- Professional-Grade Cleaning Power – Effectively breaks down compacted DPF deposits
- Spray Gun Compatible – Works with all major DPF cleaning spray systems
- Time-Saving Formula – No dismantling required for on-car cleaning
- Trusted by Professionals – Used by garages, fleet operators, and mobile service engineers
- Emissions Compliance – Helps vehicles meet Euro 6 and other emission regulations

### Topdon TC001

The Dark Has No Secrets

TOPDON's TC001 is a portable camera that turns your Android smartphone/tablet or Windows laptop into a powerful thermal imager. Simply download the accompanying app, slot the TC001 in your device's USB-C port, and unleash thermal technology that formally only belonged to special forces.

Perfect for home inspectors, HVAC technicians, electricians, automotive technicians, and even farmers looking to protect crops and livestock.

£215

### Topdon TC002

Built For Mobility

The TCView Series turns your smartphone or computer into an infrared thermal camera. With an ultra-high IR camera resolution of 256x192, these devices infrared thermal camera can display a thermal picture of your target with high resolution and clarity, delivering great image quality.

The TCView Series can take continuous measurements of a scene, storing the data and generate a waveform graph.

£190

### Topdon TC002C

Designed For iOS Type-C Devices

Introducing TC002C, a specialized thermal imaging camera crafted specifically for iOS Type-C devices like the iPhone 15 & iPhone 16 Series. Offering exceptional precision in temperature detection, insulation inspection, and circuit board analysis, TC002C is your reliable companion for diverse applications. Boasting an impressive resolution of 256x192, it captures thermal imagery with unparalleled clarity and detail.

£240

### Topdon TC003

See More Than The Human Eye

The TC003 is a cutting-edge thermal camera that provides high-resolution thermal imaging to a wide audience. With its advanced features, the TC003 delivers high-quality imaging (256x192), exceptional temperature sensitivity (40mk), and unparalleled accuracy (down to 0.1°C). Additionally, the TC003 boasts a 5-inch touch screen, a 5-megapixel visible light camera for overlapping images, and temperature waveform graphing.

£357.50

### Topdon TC005

Built to Last

The TC005 is a handheld thermal camera that measures an expansive temperature range. From -20°C to 550°C (-4°F to +1022°F), and offers a 12-hour runtime. The high-resolution 256x192 pixel infrared camera allows you to say goodbye to blurry images. The tool is ready for analysis with the standalone and the PC modes, enabling users to project and upload images from the TC to their PC.

Added benefits include 7 options for Pseudo-Colour Display and a 2-megapixel visible light camera

£350

### Topdon TS001

Sharp Focus, Close or Distant

Experience unparalleled clarity from near to far with the TS001, a long-focus Android thermal imager designed to capture sharp images, even for objects as close as PCB boards. With a high-resolution 256x192 pixels infrared sensor and a smooth 25Hz frame rate, every detail is captured with precision. The TS001's adjustable 9mm lens covers distances from 0.32 to 1640 feet (0.1-500m), catering to various applications including building inspections, animal observation, auto repair, and PCB inspection.

£275

### Topdon TS004

Be Bold, Go Wild

Embark on wild adventures with the TS004, a thermal imaging monocular engineered to reveal the unseen, even in total darkness. It sees through fog and dense vegetation, revealing wildlife, people, and objects with ease.

Tailored for outdoor enthusiasts, farmers, and zoologists alike, the TS004 empowers you to observe wildlife, navigate trails, camp under the stars, or conduct search and rescue missions with confidence.

£382.50

### Topdon TS005

Explore Like a Pro

The TS005 is an advanced thermal monocular designed for professionals in wildlife monitoring, search and rescue operations, outdoor adventures, and law enforcement.

Whether in the autumn chill or the depths of winter, this robust device delivers consistent performance, allowing you to focus on your adventure with confidence and immerse yourself in the thrill of discovery.

£1,332.50  
SYR LEASE £7.07 PW

### Video Scope

Nothing Can Hide From You Now

The Video Scope is a Mobile Phone Bore-Scope. The device has 360° accurate articulation with joystick control, and the maximum bending angle is 210°, which allows users to inspect narrow space and pipelines. With a 1 mega-pixel probe camera and single button to take photos and video, it can transmit vivid, clear and all-round video and images to the mobile phone through the data cable.

Used in auto repair to inspect hard-to-reach areas like evaporators, chambers, and pipelines.

£219

**Tornado120000****Essential Battery Stabilisation**

The T120A ensures a stable and reliable power supply for prolonged diagnostic sessions and ECU programming tasks. This capability becomes especially crucial when working with luxury vehicles such as BMW and Benz, where the T120A's maximum current of 120A comes into play. Say goodbye to interruptions caused by fluctuating power sources. The T120A delivers voltage and current consistency to keep your operations running smoothly.

£895

**Tornado90000****Your Battery's Bodyguard**

The Tornado90000 is TOPDON's newest cutting-edge smart charger, made for professional and commercial users. This device is suitable for all types of 12V and 24V lead-acid batteries, with a wide battery capacity range from 5 to 90 amps. The Tornado90000 features a current/voltage edit function and supplies users with the needed protection for batteries through its 9-step smart charging method and 6 charging modes.

£625

**V3000****Power Beyond Limits**

The V3000 is a high-performance 3000 peak amp jump starter. It's designed to reliably start 12V vehicles, including cars, SUVs, trucks, pickups, and RVs, with up to 9.0L gas and 7.0L diesel engines.

Whether you're a first-time driver, senior motorist, weekend adventurer, or seasoned pro, the V3000 delivers the power, versatility, and reliability you can count on.

£165

**V4500 Plus****Road Ready Starts with a Battery Check**

Designed for professional and high-displacement vehicles, the TOPDON V4500 Plus delivers a peak current of 4500A, jump-starting semi-trucks, trailers, off-road vehicles, and boats in seconds. With up to 45 jump-starts on a single charge, it's always ready for action.

The V4500 Plus also enhances your driving experience with features like battery testing and monitoring via our app, super-fast smartphone charging in 25 minutes, and 500 lumens of light.

£207.50

**V2200 Air****Instant Ignition, Anywhere You Are**

Introducing the V2200Air, the ultimate all-in-one solution for every car owner's emergency needs. This versatile device allows you to jump-start your car, inflate your tyres, charge your devices, and illuminate your surroundings with ease. Stay prepared for any situation and drive with confidence, knowing the V2200Air has you covered. The V2200Air delivers a powerful 2200A peak current, capable of jump-starting vehicles with engines up to 8.0 liters for gasoline or 6.0 liters for diesel in just 2 seconds.

£140

**V2200Plus****Boost Dead or Damaged Batteries**

The V2200Plus is a 2-in-1 jump pack and battery tester that takes on the unexpected. Offering 35 jumps on a full charge, smart clamps to protect against common safety hazards, and features a 300-lumen LED light. A built-in Bluetooth module supports 12V battery tests by pairing an app with Bluetooth. This provides cranking, and battery test reports to let you replace a battery before it dies. The V2200Plus can even act as a charging brick for small devices.

£115

**V1500****Boost your battery into life**

TOPDON's V1500 leads the way as a portable jump starter, delivering 1500 peak amps for instant jump-starts. Quickly and safely jump 12V lead-acid batteries in seconds for cars, boats, motorcycles, and trucks with up to 6.5L Petrol or 4.0L Diesel engines. The V1500 doubles as a power bank for phones, tablets, and other devices, and can also supply power to 12V DC devices. Use the V1500's boost function to jump particularly difficult batteries.

£62

**BT300P****Precise, Durable, Capable**

TOPDON's BT300P is our newest 12V lead-acid vehicle battery tester with a Built-in Printer. It can test 100 to 2000 Cold Cranking Amps (CCA) batteries. It's compatible with Flooded, AGM, GEL, and EFB batteries; and has accredited standards including: CCA, JIS, EN, DIN, SAE and IEC.

The BT300P is able to test a battery's actual CCA value, state of health, cranking system, and charging system.

£82.50

**BT600****The Next Step for Battery Testing**

The BT600 is TOPDON's newest advanced battery tester for 12V vehicles. With a 3.5 inches color screen and a built-in thermal printer, this tool offers the ultimate solution for accurate, fast, and convenient testing. It allows you to easily view the battery's condition and print test reports in real-time. The BT600 adopts a cutting-edge conductivity testing technology and includes reverse polarity protection to prevent improper connections.

**Texa RCCS 3 EVO - ADAS: Radar & Camera Calibration Kit**

Easy to use, precise and reliable: For the calibration of radars, lidars, cameras and sensors, TEXA has designed & engineered RCCS 3 EVO, a top of-the-range solution that includes the best production technology and exceptional components.

The version allows a wide range of possibilities of use: it can be used with the toe and thrust axis check kit, or in optical alignment mode. The Bluetooth distance measurers, which can communicate directly with the IDC6 software, make sure the unit is positioned properly by means of a guided procedure.

Thanks to the great ease of use & accuracy of the RCCS 3 EVO system, you can work in an even more simple & precise way, guaranteeing the accuracy of the final result, and maximum safety both for the driver & for the technician performing the calibrations.

**The MaxiSYS MS906S MAX represents the cutting edge of automotive diagnostic technology, combining powerful hardware with comprehensive software capabilities in a sleek, professional-grade tablet.**

- ✓ Android Operating System
- ✓ 10.1 inch LCD Touch Screen
- ✓ 2 Years Software Updates
- ✓ Ongoing updates at £625 excl. VAT
- ✓ Upgradeable to Secure Gateways
- ✓ Most Affordable Tool that is Upgradeable to IA600 ADAS
- ✓ Remote Expert Compatible

#### LOOKING FOR MORE INFO?

For additional details, please scan the QR code on the right to access the complete specifications and comparison on our website.

\* An up-to-date software subscription is required to access Secure Gateways, DoIP and CAN-FD.

The MaxiSYS MS906S MAX is a **Professional-grade diagnostic tool** designed to enhance efficiency and performance in modern automotive workshops. Powered by an octa-core processor with 128GB storage and 4GB RAM, it delivers fast and reliable operation for all diagnostic tasks.

Utilising cutting-edge **AUTO SCAN 2.0 technology**, the device performs swift, all-system diagnostics, managing diagnostic trouble codes (DTCs), freeze frame data, and real-time vehicle monitoring. This streamlined approach makes it invaluable for both pre- and post-repair scans, saving time and ensuring accuracy.

Versatility is a hallmark of the MS906S MAX. It features over **40 maintenance functions**, including oil light resets, DPF regeneration, steering angle sensor calibration, airbag resets, and brake bleeding procedures. The system includes the Bluetooth-enabled MaxiVCI V200 interface, which supports **advanced protocols** such as DoIP and CAN FD. This ensures compatibility with modern vehicles, allowing seamless communication for even the most complex systems.

The MS906S MAX also offers advanced capabilities that set it apart. It's **bi-directional control**, coding functions, and adaptation procedures are indispensable for contemporary vehicle diagnostics.

These features allow technicians to conduct thorough checks and make precise adjustments as needed. The device supports Wi-Fi printing and enables report sharing via QR codes, text messages, or email, ensuring **smooth integration** into workshop operations. This ease of use and connectivity improves productivity and communication within teams.

## M18 FUEL™ 1/2" HIGH TORQUE IMPACT WRENCH HUGE POWER, COMPACT SIZE

- Great power density: the M18 FUEL™ high torque impact wrench delivers 1491 Nm fastening torque and 2034 Nm of nut-busting torque in a compact size of 193 mm, which gives more access in tight spaces
- 2000 RPMs of no load speed to perform your task 35% faster than with the previous gen
- Our battery isolation system provides a secure battery connection and controls vibration transmitted to the pack
- Robust gearcase for more durability
- Tri-LEDs deliver high-definition lighting to increase workspace visibility
- 4-Mode DRIVE CONTROL allows the user to shift into four different speed and torque settings to maximise application versatility
- Mode 4 bolt removal, provides maximum nut-busting torque then shifts to 750 rpm for outstanding control when removing fasteners
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

MWM18FH1W2F12-503X  
WITH 3X STD 5AH BATTERIES & CHARGER

**£425.00**

NEW! LATEST  
GENERATION 1/2"  
IMPACT GUN

## MILWAUKEE M12 STUBBY 3/8" IMPACT GUN WITH 1X 6 AMP & 1X 2 AMP BATTERIES

- More power, more compact, more control
- Up to 339 Nm of maximum torque
- 3/8" Anvil with friction ring for quick and easy socket changes
- Brushless POWERSTATE™ motor delivers more power in a more compact size
- REDLINK PLUS™ Intelligence system delivers an advanced digital overload protection for tool and battery, and uniquely enhances the tool performance
- REDLITHIUM™-ION battery pack provides superior pack construction, electronics and fade-free performance to deliver more run time and more work over pack life
- Individual battery cell monitoring optimises tool run time
- Better access in tight spaces with an overall length of only 121.9 mm
- 4-Mode DRIVE CONTROL with auto-shut off mode, offers the user precise control
- Bright LED workspace illumination
- Includes: 1x M12 B6, 1x M12 B2 Battery packs, C12 C Charger, HD Box

MWM12FIW38-622X

**£199.95**

## M12 FUEL™ 3/8" STUBBY IMPACT WRENCH WITH 2X 5 AMP HIGH OUTPUT BATTERIES

- Best in class power: 542 Nm of fastening and 745 Nm of nut-busting torque to tackle most common applications
- A weight of 1 kg without battery and a length of 122 mm means better access to tight spaces and less user fatigue
- 3,000 RPMs for exceptional application speed
- 4-Mode DRIVE CONTROL allows the user to shift into four different speed and torque settings to maximise application versatility
- Trigger mode selection for easy one hand selection of speed settings
- Tri-LEDs for shadowless work area illumination
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Works with all MILWAUKEE® M12™ batteries, max torque only achieved using 5Ah high output batteries
- Includes: 2x 5Ah High Output Batteries, Charger and HD Case
